Settlers of Catan will be played from 1:00 - 3:00 p.m.

March 8

March 22

April 12

May 10

May 24

Settlers of Catan, or just Catan, is a multiplayer board game which is one of the first German-style games to become popular in the U.S. (currently #1 here.)

In Catan, players assume the roles of settlers, each attempting to build and develop settlements while trading and acquiring resources. Those new to Catan can learn-to-play and rules will be taught. No residency restrictions! Please bring your friends!
