

Used Street Signs for Sale

The Village has completed its street sign replacement program with new signs that are easier to read and comply with new standards established by the Federal Highway Administration.

The sale allows residents to legally purchase a street name sign. Signs will be sold through the Public Works Department on a first come, first serve basis.

The signs are made of aluminum or metal, are in used condition and have been "in place" in the village for the past 20 plus years. Buyers are responsible for picking up purchased signs from the Municipal Services Center, front office. Buyers can call to reserve a sign for pickup and payment by calling the Village office at 920-434-2212. The Municipal Service Center is located at 12781 Velp Avenue, Suamico WI 54313.

Cost per sign: **\$10 per sign**

Please see the attached list for available street name signs and quantities for 2021. No more signs will be added to this list.
