

SUAMICO FIRE DEPARTMENT

Hydrant Helpers Needed!!!

Here are some of the program details:

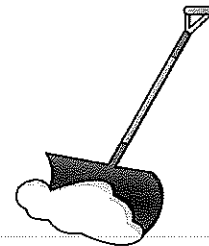

- By keeping fire hydrants clear of snow you help the fire department save precious minutes during a fire.
- The program provides children responsibility and community service during the winter months.
- All hydrant helpers will be given a coupon for a free ice cream at the Culver's on Velp Avenue in Suamico at the conclusion of winter.

Dear parents, the hydrant helper program is designed to involve your child with helping the fire department, their community, and their neighbors.

1. Each child is responsible for one hydrant in the community.
2. With a parent's supervision, please clear a four foot circle around the hydrant as well as a path from the street to the hydrant.
3. The closest available fire hydrant in your neighborhood will be assigned to your child by the fire department.
4. We will be checking the hydrants throughout the winter, each time their hydrant is found clear their name will be put into a drawing to win a ride to school in a fire truck!

For questions and to return/email the information please contact:

Suamico Fire Department
Attn: Hydrant Helpers
12781 Velp Avenue
Suamico, WI 54313

Joe Bertler or Scott Legois @ (920) 434-3201
